Series connection	Yes – will control up to 7 CU conveyors	Yes – only with a CCU as control unit	No

- Easy to locate
- Easy to monitor
- Easy to rent
- Easy to handle

ADDITIONAL ACCESSORIES:

Undercarriage (RDXC30050)

Attach the undercarriage anywhere on the conveyor with just two clicks. After attaching the undercarriage, a single person can move even a six-metre Baron conveyor.

Hopper (RDXC30051)

The Baron hopper is the best accessory when your material comes from another conveyor or must be picked up by shovel. It takes just two clicks to attach the hopper, ready for use. The hopper can be placed anywhere on the conveyor.
